

Ergonomic V-Shape Table w/ Silver Base

Taking work to a higher level

Stratis began making height-adjustable desks over 15 years ago. We knew then what so many more realize now: that the ability to sit, stand and move while working can improve both health and productivity.

As the idea of standing workstations has caught on, we've continued to innovate—offering height-adjustable desks that function better, last longer and look great doing it. Ergonomically sound designs. Quiet, accessible controls. Stylish, durable finishes you can't find anywhere else. All this and a healthier workplace.

Elegant Design

With their sleek profiles, recessed control and non-porous, designer finishes, our stand-ups make any workplace stand out.

Custom Options

Choose from a variety of options and accessories, including standard or ergonomic surfaces, matching acoustic wall dividers and more.

Bulk Savings

We love seeing our desks in small businesses. That's why we offer affordable pricing and discounts on bulk orders of 5 and more.
