

## LAPTOP SECURITY DRAWER SYSTEMS LTD500 (pictured left) and LTD538

The "Oversized" LTD500 is a secured storage area and a functioning, keyboard operating drawer. Designed to fit most any laptop including the larger or oversized laptops/notebooks.

- The LTD538 includes a swivel mouse tray for separate mouse operation.
- A quality key locking mechanism with 2 keys.
- Locking mechanism mounts on either the right or left side in an easy to reach but out of sight location.
- Security screws provided for tamper proof fastening to work surface.
- The full-sized metal framed drawer measures 21 1/2"W x 19"D (ID-inside dimensions) with a 2 3/4" drawer depth. Overall dimensions including lip and mounting brackets are 24 3/4"W x 21 1/8"D x 3 1/4"H.
- Custom drawer widths available. Minimum custom width is 16"W (ID).
- A 1/4" thick, durable phenolic bottom plate may be easily cut to custom drawer widths.
- 16" (400mm) full extension drawer slides with ball bearing suspension for smooth, rolling action.
- Depth of the drawer from the bottom of the work surface to bottom of drawer is 3 1/8".
- Two cord management holes are built into the rear of the tray - 4"W x 1 1/2"H.
- Allows easy access from the laptop to any external peripherals.
- A metal lip at the front of the tray sits 1" from the bottom of the tray.
- A black, vinyl covered foam wrist pad to be affixed to the lip - pad measures 21"W x 2"D x 1"H.
- Standard black finish.

Some assembly required.
