

Lynx™ Keyboard Tray

When it comes to workplace ergonomics, a challenging desk configuration doesn't have to challenge your comfort. With Sunway's New Lynx™ keyboard tray and arm combination, everything you need is close at hand and readily accessible – without taking up valuable workspace on the desktop. A tray design that will fit in a diagonal or radius corner with any arm combination and it has been tested to work in a 90° corner when used with Sunway's ARMCBR keyboard arm.
