

## Orbit™ Keyboard Tray

When it comes to workplace ergonomics, a challenging desk configuration doesn't have to challenge your comfort. "The Universal Solution", Sunway's Orbit™ keyboard tray accommodates almost any workspace arrangement. This tray will fit in a diagonal or radius corner with any of Sunway's keyboard arms and it has been tested to work in a 90° corner when used with Sunway's ARMTCH-G keyboard arm. For extra functionality, optional swivel mouse trays can be added to one or both sides of the tray.
