**Textured** is universally applicable and sought after in modern design. It is especially suited for the Healthcare and Hospitality industries. The deep emboss mimics the feel of a wooden surface while maintaining durability, in an easy-to-clean finish. Textured 3DL works great for these items and surfaces, among others:

- Beds
  - Over Bed Table Tops
  - Shelves and Cabinets
- Dressers
  - Doors/Drawer Fronts
  - Cart Tops
- Mobile Carts
  - Dining Table Tops

**Stone**, like the real thing, is very durable, but without the high cost. The 3DL's natural stone-look finishes allow designers broad flexibility for furniture and other applications. It shines the most brightly on tabletops. Stone 3DL works great for these items and surfaces, among others:

- Wall Panels
  - Dining Table Tops
- Tiles
  - Desks
- Conference Tables

**Authentic** has a slight emboss to create the look of real wood – both solid wood grain and reclaimed wood. It provides furniture with a classic or rustic farmhouse effect and works well as a writing surface. It has a solid durability, although not as tough as Textured. Authentic 3DL works great for these items and surfaces, among others:

- Dressers
  - Shelves
- Cabinets
  - Door/Drawer Fronts
- Wall Panels

Similar to Authentic, **Natural** has a smoother, classic surface that makes it suitable for almost any application. As a high-performance writing surface and with traditional color choices, it is a favorite for Medical and Hospitality furniture. Natural 3DL works great for these items and surfaces, among other:

- Workstations
  - Wall Panels
- Beds
  - Dressers
- Cabinets
